For the past few months we've been working on the mobile application because we wanted it to serve and support some of the key goals of our Connect Initiative:

1. Provide an opportunity for visitors & newcomers to simply and quickly find out more about our church, what we offer and who to speak to, if they were interested. This would be particularly useful for those wanting to know more about the Christian faith or for those wanting to get involved in a Bible study.

2. Create a convenient way for regulars to easily find out & be notified about any upcoming events at St. James. In this way the app can help act as an enabler for us to share life with one another and build meaningful relationships with other members of the St. James family.

3. Offer a platform where we can share resources (be it via our newsletter or our sermons) with those who want to learn more.

Media
Listen to all of our recorded sermons & talks from the comfort of your phone.

Info
1. Sunday Services : find out what we offer on a Sunday.
2. Connect : learn more about our 'Connect' initiative.
3. Giving : how you can give to the work at St. James.
4. Ministries : all the details about all of our ministries.
5. Notifications : any important updates or notifications.

Events
Find out which events are coming up for the month & RSVP to them.
